The system adopted in the Government Schools of this Colony corresponds, in its main features, with the National system of Ireland. Certain modifications, however, have been introduced, with the view of meeting the special requirements and circumstances of the colony.

The primary object of the Government has been to secure, on the basis of religion, a sound and serviceable education for the children of the middle and lower classes, without any distinction of religious sect; and of which all can avail themselves without fear of interference with their religious convictions.

The proceedings of each day are commenced with general instruction from the Scripture Lesson Books, in which the Ministers of all religious denominations, co-operating with the Board, are invited to take part as often as they please, stipulating only that they abstain from alluding to those differences of opinion which unhappily divide the Christian Church, but no children are required to attend without their parent's sanction.

Not less than five hours of every school day are devoted to secular instruction.

The General Board have expressed their willingness to facilitate, to the utmost of their power, any arrangements Ministers of religion may wish to make for the special instruction of the children of their own denomination in the school-room, during the half-hour usually set apart for reading the Scripture Lessons.

For the purpose of facilitating such special instruction, the Board are willing to supply Bibles on the application of any Minister co-operating with the Board.

The increased number of pupils attending the Government Schools affords every reason for supposing that the system meets with the general approval of the public.

HOLLOWAY'S OINTMENT.

Surprising Cure of a Bad Leg.

Copy of a Letter from Mr. James Jenkinson, of the firm of Tomkins and Jenkinson, Grass Valley, near Northam Western Australia.

TO PROFESSOR HOLLOWAY,

SIR,—I have been afflicted for several years with very bad running sores in my leg, and other parts of my body. I availed myself of all the medical skill in the Colony, but without finding any mitigation of my complaints. I was advised by Mr. Monger, of York, to try Holloway's Ointment, but my friends and myself had always regarded Holloway as a quack, and his medicines an imposition. Without any expectation of relief, and out of respect to Mr. Monger, I agreed to give them a trial; and, to the surprise of myself and friends, in the course of a few weeks I was perfectly cured; and, for three years, I have experienced no return of the disease, but remain perfectly sound, and free from any symptoms of it. Common justice and gratitude alone induce me to place this acknowledgment in your hands, to make whatever use of it you may think proper; Mr. Monger is a witness to the fact.

I remain, Sir,

Your obedient servant,

JAMES JENKINSON.

The Ointment should be used conjointly with the Pills in most of the following cases:—

HOLLOWAY'S PILLS.

Astonishing Cure of General Debility
and Liver Complaint!!!

*Copy of a Letter from Mr. William Reeves of Perth, W. A.,
Dated 17th November, 1854.*

TO PROFESSOR HOLLOWAY,

SIR,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and langour; my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until, I had recourse to your Pills, by taking which, and following the printed directions for seven weeks, I was cured, after every other means failed, to the astonishment of my neighbors, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble Servant,
WILLIAM REEVES.
