NEW SOUTH WALES—Sir J. Young.

NEW ZEALAND—Sir George Grey.

QUEENSLAND—Sir George Bowen.

TASMANIA—Col. T. Gore Browne.

VICTORIA—Mr. Manners Sutton.

SOUTH AUSTRALIA—Sir D. Daly.

THE COLONY OF
WESTERN AUSTRALIA,

AS defined by her Majesty's Commission, includes all that portion of New Holland situated to the westward of 129 degrees East longitude; its greatest length is therefore 1,280 miles from North to South, and 800 miles from East to West. The City of Perth is situated in 32 degrees South.

BRIEF CHRONICLE OF OCCURRENCES & EVENTS
FROM OCTOBER 1, 1865, TO SEPTEMBER, 1866.

[Under the above head the most remarkable events of the Colony since its foundation have been published from year to year in the ALMANACK. The following notes are given as a continuation of the Colony's history.]

1865.

OCTOBER.—The aphid proves destructive to the barley-crop at Champion Bay.....The brig Kestrel despatched to Camden Harbour for the purpose of removing the Government Staff to Tien Tsin Bay: Camden shortly afterwards abandoned as a settlement.....Mr. C. Hunt returns from his second expedition to the eastward of York.....Anniversary of the Metropolitan Rifle Corps celebrated on the 5th by prize-firing.

NOVEMBER.—The adoption of a Scab Act proposed in consequence of the increase of the scab among the flocks.....An excellent whaling season at King George's Sound, 40 tuns of oil being procured.....The board appointed to report upon the practicability of clearing the North passage of the Fremantle Bar give a favourable

opinion of the project.....The P. & O. Co's mail-steamer Ellora calls at Fremantle on the 10th of this month.

DECEMBER.—Native bees appear in great numbers in the Canning district: 40 lbs. of honey was obtained in the cavity of a tree.....The Government determine to bridge over a large portion of the Perth Causeway..... Messrs. Marchant and other gentlemen connected with South Australia make arrangements for the introduction of sheep from that Colony hither via Albany.....Geraldine Mine again at full work, and 60 tons lead ore raised during this month.....Government tenders for fresh meat for Perth supplied at 4d., and for Fremantle at 5d. per lb.....Arrangements made to extend the South Jetty at Fremantle.....Lectures and sermons delivered during this and the preceding month by Bishop Hale, having for their object the amelioration of the condition of the aborigines.....A most daring robbery of jewellery committed at Fremantle.....Flour sells at £23 per ton..... The wheat and other crops more scanty than for many years past, for want of rain.

1866.

JANUARY.—Ngowee, an aboriginal native, who was one of the murderers of Mr. Clarkson at Galver-cutting, taken to that station and executed. The practice of executing native murderers at the scene of the occurrence, which had been for some years discontinued, is now again resorted to, and found to have the most effectual deterring results.....Port Walcott, Nickol Bay, proclaimed a port, and the Government Staff from Camden Harbour permanently located there, for the purpose of forming a settlement.....Many sheep-runs of 100,000 acres each, taken up in this neighbourhood.....Several public works of magnitude now in course of erection—among them the North Fremantle and Helena Bridges.....The first wool (12 bales) brought to Fremantle from Roebuck Bay..... Several flocks removed to the Nickol Bay district, which

has been found well adapted for sheep and cattle.....The Tien Tsin, Zephyr, and Fitzroy, sail for England with cargoes of wool.

FEBRUARY.—A destructive fire (a rare occurrence in the towns of this Colony) takes place on the premises of Mr. S. Cook in Perth, which are used for the production of various kinds of machinery.....Second general meeting of the Roebuck Bay Association, held at Perth.....A Fire Brigade formed in the city.....Foundation stone of the Masonic Hall laid by Judge Burt.....First show of fruit and wine by the Horticultural Society since its revival, held in the Government Boys' Schoolroom.....First cargo of jarrah or mahogany timber sent to Bombay by the Daylight.....Sheep imported from South Australia to Esperance Bay by Messrs. Dempster.....Reduced price for the disposal of crown land in the north district at 7s. 6d. per acre extended to 17th January, 1867.....Complimentary gathering between the Perth and Fremantle Volunteers held at the two towns.....3,000 sheep from S. Australia landed at King George's Sound by Messrs. Marchant, with scarcely a single casualty.....Excessive hot weather prevails, the thermometer sometimes ranging at 110degs. in the shade.....Tenders for the supply of flour accepted by the Commissariat at £21 per ton.

MARCH.—A recreation ground again proposed to be formed between the two principal jetties at Perth.....Considerable interest taken by the colonists in procuring articles for the Melbourne Exhibition.....Three vessels with full cargoes of timber leave the Vasse this month for Mauritius and South Australia.....Copper mines opened in the Irwin district.....The Murchison River runs with much force, and inundates the Geraldine Mine.....Overland journey from Roebuck Bay to the DeGrey River, and afterwards from the latter place to Nickol Bay, successfully accomplished by Mr. Cowle.....Government Resident at the Vasse, Mr. J. S. Harris, explores the country between Busselton and the Warren

and Donnelly Rivers, and reports very favourably of it..... Albany Races came off on the 21st.

APRIL.—New Pensioners' Barracks occupied by enrolled Pensioners.....Two men killed by natives on an island in Shark's Bay.....Proposal revived to form a timber company at the Vasse.....Steam communication between Batavia and Fremantle projected.....Another native hanged at Galver-cutting for the murder of Mr. Clarkson.....Amateur Theatricals revived in Perth..... Western Australian Races come off on the 10th and 11th; the winning horses being—for the Maiden Plate and Ladies' Purse, Mr. Wilding's Young Stirling; Town and Queen's Plate, Dr. Atfield's Bushman; Publicans' Purse, Mr. J. Ougden's Scrambler; Volunteer Plate, Mr. Guerin's Malakoff; Settlers' Stakes, Mr. W. B. Mitchell's Kitty..... A meeting of delegates from the various Agricultural Societies, formed at Perth to arrange a code of regulations for the prevention of scab in sheep, this disease being still on the increase; the delegates also proposed a reduction in the rate of duty on sheep tobacco to 4d. per lb.....A Town Trust proposed to be formed for the rising town of Geraldton.....The coal-seam on the Irwin proposed to be worked by a limited liability company..... The National Bank of Australasia send a representative (Mr. Prole) to form a branch bank in Perth, which was soon afterwards permanently established.....Several mineral specimens procured on Green Mount, supposed to contain tin, and from a few samples assayed by Mr. Gresswell, 15 per cent. of copper was obtained, and traces of gold discovered.....Convict Prevention Act, to prohibit the introduction of persons transported to this colony into South Australia, published in the *Inquirer* by the South Australian Government.

MAY.—Second annual report of the Perth Working Men's Society published, by which it is shown that the institution has made considerable progress.....Above 3,000,000 acres of good pasture land discovered by Mr. Cowle between Roebuck bay and Nickol Bay.....Town-

site finally formed at Port Walcott.....H.M.S. The system adopted in the Government Schools of this colony corresponds in its main features with the national system of Ireland. Certain modifications have however been introduced, with the view of meeting the special requirements and circumstances of the colony.

The primary object of the Government has been to secure, on the basis of religion, a sound and serviceable education for the children of the middle and lower classes, without any distinction of religious sect; and of which all can avail themselves without fear of interference with their religious convictions.

The proceedings of each day are commenced with general instruction from the Scripture Lesson Books, in which the ministers of all religious denominations, co-operating with the Board, are invited to take part as often as they please, stipulating only that they abstain from alluding to those differences of opinion which unhappily divide the Christian Church, but no children are required to attend without their parents' sanction.

Not less than five hours of every school-day are devoted to secular instruction.

ROMAN CATHOLIC SCHOOLS.

PERTH.—There are 2 Female Schools, and 1 Infants' School, under the superintendence of the Sisters of Mercy; one for the girls of the middle class, whose parents can afford the payment of a moderate fee for their education; the other is open gratuitously to girls of all denominations. Girls and boys under seven years of age are admitted to the infants' school. Attached to the Convent there is also an institution for native girls.

PERTH BOYS' SCHOOL.—There are two separate schools under the superintendence of the Christian Brothers.

FREMANBLE.—There are three schools under the superin-

tendance of the Sisters of St. Joseph, to which children of every denomination are admitted.

FREMANTLE BOYS' SCHOOL.—Teacher, Mr. Lucas.

Malta and Gibraltar—4 ounces, 4d. ; 8 ounces, 8d. ; and 8d. for each half pound or fraction of a pound.

REGULATIONS.—Every book packet must be sent either without a cover, or in a cover open at the end or sides.

No book packet must exceed two feet in length, breadth, or depth, or three pounds in weight.

BOOKS AND PARCELS, TRANSMITTED WITHIN THE COLONY—4 ounces, 2d. ; 8 ounces, 4d. ; 1lb., 8d. ; and 4d. for each $\frac{1}{2}$ lb.

The General and other Post Offices are open from 9 a.m. to 4 p.m. daily, Sundays excepted.

The system of Registration is applicable to all descriptions of Letters. &c., without distinction. Letters intended to be registered must have a shilling stamp affixed thereon by way of fee in addition to the postage, and posted an hour before the closing of the mail by which they are to be forwarded. A statement of the hours of closing the mails is kept affixed on some exterior part of each Post Office, in order to avoid the frequent occurrence of letters being put in after the departure of the mails ; but late letters are received till within five minutes of the despatch of any Inland Mails, and till within a quarter of an hour of the despatch of any Ship Mails, if, as a fee thereon, stamps to the value of sixpence be affixed to a Ship Letter, and stamps to the value of twopence be affixed to

an Inland Letter, in addition to the stamp or stamps required for the ordinary postage.

MONEY ORDERS.—Money orders on the United Kingdom, Victoria, South Australia, Queensland, Tasmania, New South Wales, and New Zealand, can be obtained at the General and District Post Offices at the following rates:—

Victoria, South Australia, New South Wales, Queensland, Tasmania, and New Zealand, not exceeding £5, one shilling; above £5, but not exceeding £10, two shillings. United Kingdom—Fourpence for each pound.

POST OFFICE SAVINGS' BANKS.—Post Office Savings Banks are opened at the undermentioned Post Offices for the receipt and repayment of deposits on every working day from nine in the morning till four in the evening:—

Perth, Fremantle, Guildford, York, Newcastle, Bunbury, Vasse, Albany, Champion Bay, Pinjarrah, and Wanerenooka.

In these Banks deposits may be made to the amount of one shilling, or any number of shillings, or of pounds and shillings, provided the deposits do not amount to any more than £30 in any one year.

When the first deposit is made the Depositor will receive a numbered Book, in which his name, address, and occupation, and the date and amount of his deposit, will be entered.

Any Depositor, wishing to withdraw money which he has deposited, can apply to the nearest Post Office Savings' Bank for a printed form of application. He must fill up the form in the manner pointed out in the printed Regulations, and send the application to the General Post Office, Perth. By the return mail he will receive a warrant from Perth, which will enable him to get his money at the Post Office named by him.

LAND REGULATIONS OF WESTERN AUSTRALIA.

Synopsis of the existing Regulations, proclaimed at

Perth, August 20, 1864.

GENERAL RULES.

Applications for land, whether for lease, license, or purchase, to be sent in to the Surveyor-General, in established printed forms, procurable at the Survey Office, or from Resident Magistrates, without charge. Such applications are to contain at full length all the names of the applicant, his calling and address.

Selections of country land to be in one uniform shape, in length not exceeding three times the breadth.

Boundaries to be parallel to all others in the same district.

Opposite boundaries to be parallel, except on rivers or roads.

Frontage on a river or open water not to exceed one-fourth part of the outer boundaries of a selection.

Both banks of a river whose course is known and mapped, not allowed in one selection, except in special cases.

Required boundaries subject to Governor's approval or adjustment.

Descriptions by applicants to be full and particular, and to refer to some fixed marks in Survey Office maps.

Government not responsible for any errors in such description, but will rectify them when practicable.

Applicants liable to a charge for survey, when such is required for fixing a claim to land.

Such charge to be deposited before survey made.

Private surveys admitted under directions from Surveyor-General, to whom reports are to be made.

Maps of the country and of townsites open to inspection at Survey Office, and at the offices of Resident Magistrates of districts.

Two or more lots of land purchased by the same person at any one public sale, and adjoining each other, may, on application, be included in one deed and for one fee only.

Title deeds, when completed and enrolled, are deliverable by the Colonial Secretary, or by the Resident Magistrate of the district in which the land may be situated.

No title-deed will be prepared until the balance of purchase-money and the title-deed fee have been paid.

Applications for full title are to contain at full length all the names of the applicant; also his calling and address.

Lands granted, or sold by remission for military or naval services, are not chargeable with title-deed fees.

Deposits and payments for land to be made only to a Collector or Sub-Collector of Revenue, or to other persons duly authorised to receive the same.

Applications to purchase or lease land will have priority according to the actual time of paying deposit thereon.

Applications for land situate in a district where there is a Sub-Collector of Revenue, will not be approved until after the arrival of the next mail from such district.

Compensations to be given for any improvements on land resumed for public purposes. -

No compensation allowed for improvements after the expiration, abandonment, or forfeiture of a lease, or for improvements on land under Class A license.

Existing contracts, promises, and engagements to hold good.

Unauthorised occupation of Crown Lands punishable.

Governor not compelled, but only authorised, to let or sell lands applied for.

FOR THE SALE OF LANDS.

Waste Crown Lands for sale, are distinguished as town, suburban, country, and mineral lands.

Town and suburban lands to be sold by Public Auction, at upset prices, to be regulated by the Governor.

Ordinary country land to be sold at the fixed price of

ten shillings per acre, to the first bonâ fide applicant for the same, and in lots of not less than 40 acres each. Special lots of smaller size are charged a higher price.

A deposit of one-tenth the purchase money is payable when the land is applied for; and the balance, with title-deed fee of £1, within one month afterwards.

Deposits returnable if applications not granted; but forfeited on non-completion of purchase, or if applications are not followed up.

Country lands may be selected for purchase previous to survey.

All lands to be sold according to some numerical mark or reference, which is also to be inserted in the title-deed.

Town and suburban lands will be advertised for sale by Public Auction as they are applied for, in at least 2 consecutive *Government Gazettes*, in which the place of sale, the upset price of each lot, and the officer by whom it is to be sold, will be stated.

The days of sale for such lands are—at Perth and the Vasse, the first Wednesday in every month; at Bunbury, the second Wednesday in every month; and at Albany and Geraldton, not less than 2 months after the date of notice.

The appointed time for Land Sales by Public Auction is one hour after noon.

The applicant for a lot has the benefit of the upset price as his first bidding.

A fee of £1 payable in advance for every title-deed from the Crown.

In all title deeds the Crown reserves the precious metals and a right to make roads, canals, &c.; also to resume for public purposes.

Lands may be granted for public purposes, without purchase.

Remissions in the purchase of land may be granted to naval and military officers and men.

Lands purchased with such remissions to be granted to the purchasers after 2 years' residence in the Colony.

Licenses to cut timber may be issued at 10 shillings per

month for a pair of sawyers, or £20 per annum per 1 square mile for special selections.

No part of any such special selection will be sold during the currency of a timber license without the written consent of the lessee.

Licenses to cut sandalwood may be issued at two shillings and sixpence per man per month.

The Agent General for Crown Colonies is authorised to receive payments in England for lands to be purchased in Western Australia.

The sale and other disposal of the Waste Lands in Western Australia are regulated by instructions from the Queen, or through one of Her Majesty's Principal Secretaries of State.

FOR PASTORAL LANDS.

For pastoral purposes the Waste Lands are divided into Class A and Class B, except in the North and East districts hereinafter mentioned.

Class A lands are for annual license, subject to renewal.

Class B lands are leased for 8 years, without right of renewal.

Lands let for pastoral purposes are known as runs.

No part of an occupied townsite will be let as a run.

Unoccupied townsites, if let, will be subject to special conditions.

Lands required for special purposes may be exempted from lease or license.

The rents payable are irrespective of any future rates on stock.

Runs are liable to forfeiture if appropriated to other than pastoral uses, or for non-payment of rent, or on conviction for felony.

Runs are transferable in the form printed on the back of each lease or license, attested by one credible witness.

Transfers are to be forwarded to Surveyor-General for Governor's approval, and for record in the Survey Office; and are chargeable with a fee of 10s. in advance.

Transfers not sanctioned unless the land has been properly stocked.

Leases and licenses are prepared in the Survey Office, and are deliverable by the Collector of Revenue, or by a Sub-Collector at out-stations.

Leases not fully paid for within 2 calendar months after being deliverable, are forfeited, together with all improvements and deposits.

Only half rent is chargeable for the current year on all runs granted after 30th June.

Government reserves the right to lay out roads, take indigenous produce for public purposes, and graze any stock at work on a run.

Persons may search for minerals on a run, paying the lessee for any damage caused to him thereby.

Persons may pass over any unenclosed part of a run, with or without stock or conveyances.

The aborigines have a right to seek their subsistence on any unenclosed part of a pastoral or tillage lease, or on any part of an annual license.

Lessees are permitted to cut timber, and to make use of that or of any other indigenous produce of their runs, but not sell or remove the same off their lands.

The Government may grant licenses for any person to cut and remove timber, sandalwood, and other woods, off runs.

Boundaries of runs may be altered on application, by paying certain fines for new leases.

No such alterations allowed in leases issued under the Regulations of 1850.

Any valuations required are to be made by one person appointed by the Governor, and another by the lessee of a run, or by an umpire if they cannot agree.

Rents for leases are due in advance on the 1st of January in each year, and must be paid before the 15th of that month, or they are liable to an extra charge.

Rents not paid as above, may be paid within 60 days after rent-day, with an addition of one-fourth as fine.

Failing the payment of rent and fine as above, a lease becomes absolutely forfeited, or is chargeable with a fine of half the annual rent.

In all leases the year is computed from 1st January to 31st December; and a term of years will commence from the 1st of the previous January.

Deposits are returnable on applications not granted; but they become forfeited if applications are not followed up.

On the determination of any lease by forfeiture or otherwise, the land therein described, and all improvements thereon, revert to the Crown.

LANDS IN CLASS A.

Lands in Class A are let for one year only, as depasturing licenses.

Annual rent two shillings per 100 acres, and no license fee.

No license issued for less than £1.

Full rent is payable in advance when a license is applied for.

Lands in Class A, whether under license or not, are open at all times for sale or tillage lease, and must be given up by a lessee when so disposed of.

No compensation can be claimed for improvements on Class A land.

Unoccupied townsites are obtainable on annual license only.

No renewal of annual license can be *claimed*, but preference will be given to existing lessees whenever practicable.

Applications for renewal must be sent in to Surveyor General before the end of a year.

Licenses will be given to other applicants, if renewals of them are not applied for before the end of a year.

Alterations required in boundaries previous to renewal are to be applied for by the end of November.

A holder of not less than 10 acres of land in fee-simple

within a Class A license, has a right to run gratuitously within such license 1 head of great stock (not being a bull or stallion) for every 10 acres so held, and so long as said land may be let for pastoral purposes.

Holders of fee-simple land as aforesaid, have no claim for trespass by stock, unless such land was properly fenced when trespassed on.

LANDS IN CLASS B.

Lands in Class B are let on pastoral leases for 8 years or less.

B leases are not renewable; but the lessees have a preferable claim to them.

No lease to contain more than 10,000 acres.

Any number of leases may be granted to the same person.

The annual rent for a lease is £5, and 10 shillings per 1000 acres for the land it contains.

An abatement of rent is made on application if 1000 acres or upwards be sold or resumed for public purposes.

Leases are granted without competition to the first bonâ fide applicant for the same.

On application for a lease, the lease fee is to be deposited, and will be forfeited, together with all claim to the land, if the application is not followed up.

Lessees in actual occupation, have a pre-emptive right to purchase at 10 shillings per acre any portion of a run, not mineral nor less than 40 acres, during the first year of a lease.

No other person can purchase within a lease during its first year without the written consent of the lessee.

After the first year of a lease, all unsold lands within it are open to general selection for purchase.

During the first year of a lease, a homestead may be selected and reported for approval, at the rate of 2 acres for every 100 acres in the run.

A lessee will have the exclusive right of purchasing land within any such homestead during the first 3 years of his

lease; after which, all unsold portions will be open to general sale.

Portions of a homestead may be sold to others, with the written consent of a lessee.

Lessees have a claim to compensation for any improvements effected on portions of their runs sold or resumed.

Purchasers of land within B leases have a free right to depasture on the unenclosed portions of the run, horned cattle or horses, not being bulls or stallions, at the rate of 1 head for every 10 acres so purchased, so long as such portions continue to be let for pastoral purposes.

Such right as aforesaid is without prejudice to the right of the Crown to sell or to grant on tillage lease.

Purchasers of land within B leases have no claim for trespass by stock, unless the land trespassed on be properly fenced.

The conditions of leases granted or renewed under the Regulations of March, 1850, and January, 1860, are not interfered with, except as follows—

- 1.—Lands are sold at fixed price of 10 shillings per acre, instead of by Auction, and in lots of 40 acres, instead of 10.
- 2.—Tillage leases may be granted within pastoral leases, with written consent of the lessee.
- 3.—With a like consent, lands may be sold to other than the lessee.
- 4.—Enclosed portions of pastoral leases are not public thoroughfares.

TILLAGE LEASES.

Lands for tillage purposes are let on leases for 8 years or less.

Tillage leases are not renewable; but the lessees have a preferable claim to them.

No lease to contain more than 320 acres.

Any number of leases may be granted to the same person.

The annual rent of a lease is one shilling per acre, payable

in advance; but no lease is granted for a less sum than £5, except for the last half of a year.

Abatement of rent for future years is allowed on account of any part of a lease sold or resumed, provided the total rent be not reduced thereby below £5.

Application for a lease to be accompanied by a deposit of £5, which will be forfeited if the application is not followed up.

Lands available for tillage leases comprise all the waste lands not allotted or reserved.

Lands in B leases will be let on tillage lease or sold to the lessees of the former only, unless with their written consent.

With the foregoing exception, a lease is granted to the first bonâ fide applicant for the same, and without competition.

A lessee is entitled at any time to purchase, at the fixed price of 10 shillings per acre, any portion of his lease, not being mineral land, nor less in quantity than 40 acres.

Any other person may purchase in like manner, with the written consent of the lessee.

Mineral lands within tillage leases will be sold or let under such Regulations as may hereafter be established.

The lands in forfeited or abandoned leases, if improved or relet, will be subject to such increased rent as circumstances may justify.

Leases are liable to forfeiture if not occupied, cultivated, or improved, during the year preceding any rent-day.

PRE-EMPTIVE CLAIMS.

Land to be applied for in manner pointed out in the General Rules.

Existing improvements on land for purchase by other than a lessee, to be valued and charged to the purchaser.

Such valuation not to exceed the actual outlay made by a lessee.

The lessee of a tillage lease has a pre-emptive right to purchase within the same during the currency of his lease.

The lessee of a B lease granted under the Regulations of 1850, has a similar right to the foregoing.

Such pre-emptive right may be waived, and by written consent of a lessee of any lease, portions of the same may be sold to other persons.

Land is sold at the fixed price of 10 shillings per acre, whether improved or otherwise, and in lots of not less than 40 acres.

Pre-emptive rights do not extend over mineral lands.

A lessee exercising a pre-emptive right to obtain certificates of Resident Magistrate that he is in actual occupation of his lease, personally or by agents; also that the current year's rent has been paid.

The lessee of a B lease under the Regulations of 1860, or under those of 20th August, 1864, has an exclusive pre-emptive right to purchase within such lease until the end of its first year.

Any such lessee has a similar right to purchase any part of his selected homestead, until the end of the third year of his lease.

NORTH AND EAST DISTRICTS.

Lands in the above districts are disposed of on more favourable terms than in other parts of Western Australia.

The North District is comprised between the sea-coast and the meridian of 120deg. east longitude, and to the north of the River Murchison, and of a true east line through Mount Murchison.

The East District is comprised between the meridians of 121 and 129deg. east longitude, and between the South coast and latitude 30deg. South.

The lands are divided into class A for annual license, and Class C for more extended occupation.

Class A comprises all land within 2 miles of the sea-coast, and Class C the remainder.

Lands in Class A are let on depasturing license, under the Regulations hereinbefore explained, except that the annual rent for the same is five shillings per 100 acres for

each of the first 4 years, and ten shillings per 1000 acres for each of the second 4 years, payable in advance.

Application for the Governor's permission to proceed to either district for the purpose of taking up land, must be made to the Colonial Secretary in a certain printed form.

Such permission, if granted, will be valid for 12 months from its date.

To entitle an applicant to claim this permission, he must undertake to convey to the district at least 200 breeding sheep, or 100 head of great stock, or a due proportion of both.

On any quantity of stock not less than the above number reaching the district, they and their natural increase will be allowed free pasturage over the unappropriated Crown lands during the term of the permission.

During said term, the person or company of persons named in such permission will be entitled to select, and report to the Surveyor-General, a pastoral run of 100,000 acres of land in the district.

On the Governor's approval of such selection it will be assigned in pastoral occupancy to the applicant, free of rent for three years, commencing from the end of the first year's free permission to depasture.

The assignment last aforesaid will not be made unless the application for it is accompanied by a certificate, signed by some credible person, of the date on which the stock enumerated in the Governor's permission to proceed actually arrived on the land applied for.

Such assignment will not be transferable.

A selection of 100,000 acres may include lands in both Class A and Class C, and must be made in conformity with the General Rules.

At any time within the 3 years named, the whole or any part of a run may be selected and reported to the Surveyor-General for lease or license, in blocks not exceeding 20,000 acres each.

Class C lands thus selected will be let on pastoral lease for 8 years, commencing on 1st of January next after the date of application for the same.

Class C leases are chargeable with rent at the rate of 5 shillings per 1000 acres for each of the first 4 years, and 10 shillings per 1000 acres for each of the second 4 years.

Class C leases are chargeable with one fee of £5 at the commencement of each lease, but not after the first year.

There is no fee on Class A licenses.

Both leases and licenses are transferable while chargeable with rent, on the Governor being satisfied the lands have been properly stocked.

During the free occupation of a run, and during the first year of a lease, the lawful occupant is allowed a right to cultivate.

No claim for damage by trespass of stock is admissible, unless the land be properly fenced at time of trespass.

Runs or leases may be resumed, wholly or in part, for public purposes, as also for sale, on giving 12 months' notice.

Compensation will be given for all improvements lawfully made on rented lands resumed as above.

In all other respects the disposal and tenure of Crown Lands in these districts will be governed by the existing Land Regulations.

No protection or Government establishment guaranteed, until deemed expedient by the Government.

N O R T H D I S T R I C T .

FOR THE SALE OF LANDS.

[*Proclaimed at Perth, January 27, 1865.*]

1.—With a view to providing for the early and extensive settlement of the Northern portion of the Territory of Western Australia, in which large tracts of good country are reported to have been recently discovered, the Country Lands therein which shall first be selected for purchase as hereinafter provided, to the total extent of 150,000 acres, within twelve calendar months from the date on which these Regulations shall come into operation, shall be sold at the fixed price of seven shillings and sixpence per acre ;

and any portion of the said quantity of 150,000 acres which may remain unsold at the end of the twelve months aforesaid, or the purchase of which shall not then have been fully completed, shall be sold afterwards at not less than ten shillings per acre, or such other sum as may then have been established as the minimum price for Waste Crown Lands in Western Australia.

2.—One town lot of half an acre may be sold at the same rate and at the same time to every purchaser of 160 acres of such Country Lands, or of each multiple thereof, within twelve calendar months from the date on which these Regulations shall come into operation.

3.—Every application for Country Land must be for 80 acres, or for some multiple thereof.

4.—The deposit on any application for land must be one-tenth of the purchase money thereof.

5.—One calendar month shall be allowed for completing a purchase, and paying the title-deed fee of £1.

6.—Any balance of payment due upon a purchase, which shall not be paid within the month allowed by clause 5, shall be charged with a fine of 5 per cent. in addition within the next 60 days, and of 10 per cent. in addition after the expiration of the said 60 days.

7.—If the total amount of purchase money, fines, and title-deed fee, be not paid within 6 calendar months from the date of sale, the sale shall be cancelled, and all payments forfeited to the Crown.

8.—No purchaser of land shall have any right to occupy the same until his purchase shall have been completed by payment of the balance due thereon, and the title-deed fee.

9.—Country Lands available for general purchase shall be within such limits of territory as shall from time to time be publicly notified as open for sale by the Government Resident.

10.—Within such limits there shall at all times be open for purchase by the first bonâ fide applicant who may have paid the required deposit of 10 per cent. (1) all unsold and unreserved lands within Class A of the existing Land

Regulations, (2) all unsold lands in Class C of the existing Land Regulations which may not be public reserves or held under any lease chargeable with rent, (3) all unsold portions of any Class C Lease (except a selected homestead) after the expiration of the first year of the lease, and the expiration of six calendar months' notice to be given by the Government Resident or any other person authorised by the Colonial Government, and (4) after the expiration of the third year of the lease, and of a like notice, all unsold portions of any such homestead.

11.—All sales of land within the limits referred to in clause 10 shall be made and conducted by the Government Resident of the District; to whom applications are to be made in the prescribed forms.

12.—The Government Resident shall also be Sub-Collector of Revenue, and shall receive all applications and payments for land.

13.—Applications for land shall have priority according to the actual time of receipts by, and payment of deposits to, the Government Resident.

14.—Applicants for Town and Suburban lots by purchase shall have the benefit of the upset price as their first bidding at Auction.

15.—Claims to Town lots in virtue of Country lands purchased, shall lapse if the required lots be not selected within six months after the completion of the purchase of the country land.

16.—No title-deed fee will be charged for town lots acquired by the purchase of country land.

17.—Full titles will be prepared at Perth; and in the meantime the completion of a purchase shall be notified to the purchaser, and such notification shall serve as authority for the immediate occupation of the land.

18.—One title-deed fee only shall be charged for all adjoining town and suburban lots purchased by any one person at any one sale, provided that the same may be required to be included in one and the same deed. The same rule is to apply to adjoining Country lots.

19.—Town and Suburban lots shall be sold by Public Auction by the Government Resident or his appointee, at a time and place to be publicly notified, and after notice of not less than two weeks.

20.—The upset price of Town and Suburban lots shall be notified from time to time by the Government Resident.

21.—Compensation shall be given according to valuation or agreement, for any lawful improvements effected on lands under lease which may be resumed for public purposes, or be purchased by other than the lessee of such lands, provided such improvements were made prior to the notice of the intended resumption.

22.—Payments for land shall be receivable at the Revenue Office in Perth, at the option of applicants, to whom receipts are to be given for transmission to the Government Resident with any application for land.

23.—Purchasers of Country land within the limits of Class C Leases, shall have no free right to depasture stock within such limits, except upon their own purchases.

24.—All unsold lands shall be liable to resumption by the Government wholly or in part, and at any time, for public purposes.

25.—In laying out the Country, or in receiving applications for the purchase of land, suitable sites shall be reserved for the exclusive use of the Aboriginal natives, so as to afford them free access to wood and water.

26.—No Convict or person holding a Ticket-of-Leave, or person under sentence or order of Transportation or of Penal Servitude, shall be introduced or allowed to remain within the Northern portion of the Territory of Western Australia to which these Regulations are intended to apply.

27.—Save in so far as the same are altered by these Regulations, the existing Land Regulations are to be deemed to be in force in the New Districts.

[PROCLAIMED AT PERTH, JANUARY 17, 1865.]

For the Sale of Mineral Lands.

1.—Lands known or supposed to contain minerals shall be termed "Mineral Lands," and shall be sold as such to the first applicant for the same, in lots of not less than 80 acres each, and at the fixed price of (£3) three pounds per acre, payable by a deposit of one pound per acre at the time of application, and of a similar amount on the same date in each of the two following years; or, such lands shall be let on mining license or lease, in the manner and on the terms hereinafter provided.

2.—An application to purchase mineral lands shall be addressed to the Surveyor-General in the form prescribed, and shall be accompanied by the receipt of the Collector, or of a Sub-Collector of Revenue, for a deposit of one-tenth of the purchase money.

3.—On the Governor's approval of an application to purchase mineral land, the deposit aforesaid shall be increased to the sum of twenty shillings per acre; after the full payment of which, the purchaser shall be entitled to occupy and make use of the land for mining purposes during the twelve calendar months next ensuing. On payment of the second instalment of twenty shillings, the purchaser shall have a similar right to occupy the land for the next twelve months following; and on the complete payment at any time of the total price of (£3) three pounds per acre, together with the title-deed fee of one pound, the purchaser shall receive the full title to the land purchased.

For License to test Mineral Land.

4.—Any person desirous of examining and testing the mineral qualities of land previous to purchasing or leasing the same as mineral land shall, on approved application, addressed to the Surveyor-General, in the Form W, prescribed, be granted a mining license in that behalf, in the Form Y, for the term of one complete year from the date of approval, subject to renewal for a second year, at the option of the Governor.

5.—An application for a mining license shall be accompanied by the receipt of a Collector of Revenue for the full amount of rent chargeable for a year in advance, at the rate of two shillings per acre; and an application for the renewal of a license shall be accompanied by a similar receipt for rent at the rate of four shillings per acre. No such license or renewal shall be issued for a less term than one year, nor for a smaller sum than £8.

6.—On the Governor's approval of an application, a mining license will be issued, conveying to the licensee for a definite period, the exclusive use of the land described therein for mining purposes only; together with a right to depasture thereon any horses or cattle working upon the land, and the use of any indigenous timber, firewood, rock or soil, growing or being thereon, which may be required for the construction of buildings, fences, implements, machinery, shafts, dams, stockyards, and other works, improvements, or purposes, on the land, but not for sale or removal off it.

7.—No minerals, ores, rock or soil shall be removed off any land comprised in a mining license during the currency thereof, beyond such small quantities as may reasonably be required as specimens or samples.

8.—The Governor may declare, by notice in the *Government Gazette*, that any mining license has become forfeited, if it be shown to his satisfaction that mining researches thereon have been abandoned for one month continuously.

For Leasing Mineral Lands.

9.—The holder of any mining license shall, on approved application addressed to the Surveyor-General in the Form X, be entitled to exchange his license for a mining lease for any period not exceeding 10 years, and at an annual rent of eight shillings per acre, payable in advance.

10.—For the same period, and on the same terms, mining leases shall be granted to other persons on approved application; but it shall not be necessary that an applicant

for a mining lease should have previously held a mining license.

11.—Mining leases shall be issued in the Form Z prescribed, and shall convey all the rights and privileges enumerated in section 6, together with a right of property in all ores and minerals raised from the land, as well during a lease as during the currency of any previous license.

12.—Mining leases and licenses shall be transferable in the manner pointed out in chapter 5 of the General Land Regulations, on it being shown to the Governor's satisfaction that mining operations within the land have been carried on to a reasonable extent, and on payment of a fee of twenty shillings on the transfer of a lease, and of ten shillings on the transfer of a license; such fee to be paid at the time of making application for approval of the transfer.

Miscellaneous.

13.—No mining license or lease shall be granted within the limits of an occupied tillage lease, except to the lessee of such tillage lease, or to others with his written consent.

14.—The purchaser of mineral land, or the lessee of a mining license or lease, shall pay to the lessee of any pastoral lease full compensation, according to agreement or approved valuation, for all lawful improvements which have been made by such last-mentioned lessee on any portion of his lease that may be thus absorbed for mining purposes.

15.—In no case shall the holder of a mining license or lease be entitled to any compensation for improvements, or for outlay of any description, after the expiration, abandonment, or forfeiture of his holding. On the determination of any such license or lease, all minerals and ores remaining on or in the land, and all improvements and works above and below the surface, shall revert to the Crown, unless it may otherwise have been previously arranged and sanctioned by the Governor.

16.—The Governor shall sell at any time to the lawful occupant of a mining license or lease, or to any other

person with the lessee's consent in writing, any portion of the land comprised therein, in lots of 80 acres each, and at the fixed price of (£3) three pounds per acre, payable as arranged in Section 1; and no land comprised within a mining license or lease shall be sold during the currency of such holding, otherwise than is herein provided.

17.—The lands available for selection as mineral lands, or for mining licenses or leases, shall be all the waste lands of the Crown open to general selection for purchase, lease, or license; and all lands under pastoral lease or license, except such homesteads as may have been, or which may hereafter be, selected under authority by any existing Regulations.

18.—The acreage to be included in any one mining lease or license shall not be less than 80 acres, nor more than 160 acres.

19.—All rents chargeable for mining leases shall be payable to the Collector or to a Sub-Collector of Revenue within 15 days next after the established rent-day named in any such lease; failing which payment, a lease shall be absolutely and indefeasibly forfeited, unless within 30 days after such rent-day the lessee shall duly pay the full amount of the annual rent, together with an additional sum equal to one-half of the same. But the Governor may, in his discretion, cancel any such forfeiture, on sufficient grounds shown, and on the lessee duly paying, within 60 days next after such rent-day, a sum equal to twice the established rent for the current year.

20.—The residue of any unexpired term for which a forfeited or abandoned mining lease may have been granted, shall not afterwards be disposed of, unless the applicant for the same shall duly pay in manner aforesaid, such sum, in addition to the established rent, as the Governor may direct.

21.—All deposits and instalments which may have been paid on account of mineral lands, shall be forfeited, together with all claims to the land, if, by any default of

an applicant for the same, a purchase or lease shall not be duly completed.

22.—There shall be no right of way or thoroughfare through or over any enclosed portions of mineral land purchased or leased under these Regulations, except by recognised roads, or for Government purposes.

23.—In all other respects the rule for the sale, letting, and disposal of the waste lands of the Crown in Western Australia, shall apply to all lands therein which may be required for mineral purposes.

24.—Nothing in these Regulations contained shall be deemed to apply to auriferous lands or to coal.

 The forms referred to are obtainable from the Survey Office, or from any Resident Magistrate.

PUBLIC NOTICE.

Several makers of Cheap Baking Powders (supplied to Retailers CHEAP because adulterated), having imitated the Wrappers of BORWICK'S ORIGINAL BAKING POWDER so closely that Consumers have been deceived thereby, to the injury of their own health, and to the reputation of Borwick's Baking Powder, THIS IS TO GIVE NOTICE, that for the better protection of the Public, the Proprietor has adopted an entirely
NEW TRADE LABEL, as under (duly Registered),

AND TO IMITATE WHICH IS FELONY.

BORWICK'S BAKING POWDER

WAS PRONOUNCED PURE AND PERFECTLY WHOLESOME,
By the late SIR W. BURNETT, Director-General of the Medical Department, on its introduction into the Navy.

Dr. Hassall, author of "Adulterations Detected," pronounced it "Pure and Good," as also Dr. Hamilton, Dr. Elliott, and other Eminent Medical Men. It has likewise been approved of by the Queen's Private Baker, &c.

Extract from *Lancet*, June 10th, 1865.—"We were surprised to find that SOME Baking Powders were adulterated with Alum to the extent of 20 per cent. The use of Alum is universally condemned."

Lancet, July 22nd, 1865.—"Mr. Borwick's Baking Powder was analysed amongst others, and found to be PERFECTLY FREE FROM ALUM."

To be had of all respectable Dealers and Storekeepers throughout the Colony, and at the Factory,

HOLLOWAY'S OINTMENT.

Surprising Cure of a Bad Leg.

Copy of a Letter from Mr. James Jenkinson, of the firm of Tomkins and Jenkinson, Grass Valley, near Northam, Western Australia.

TO PROFESSOR HOLLOWAY,

SIR,—I had been afflicted for several years with very bad running sores in my leg, and other parts of my body. I availed myself of all the medical skill in the Colony, but without finding any mitigation of my complaints. I was advised by Mr. Monger, of York, to try Holloway's Ointment, but my friends and myself had always regarded Holloway as a quack and his medicines an imposition. Without any expectation of relief, and out of respect to Mr. Monger, I agreed to give them a trial; and, to the surprise of myself and friends, in the course of a few weeks I was perfectly cured; and, for three years, I have experienced no return of the disease, but remain perfectly sound, and free from any symptoms of it. Common justice and gratitude alone induce me to place this acknowledgment in your hands, to make whatever use of it you may think proper. Mr. Monger is a witness to the fact,

I remain, Sir,

Your obedient Servant,

JAMES JENKINSON.

The Ointment should be used conjointly with the Pills in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped hands	Gland swellings	Scurvy
Bunions	Corns (soft)	Lumbago	Sore-heads
Bite of Mosche-	Cancers	Piles	Tumours
toes and Sand	Contracted	and Rheumatism	Ulcers
Flies	Stiff Joints	Scalds	Wounds
Coco-Bay	Elephantiasis	Sore Nipples	Yaws

There is a considerable saving by taking the large size pots. Sold by Mr. G. Shenton, Perth; Mr. Monger, York; Mr. Wellard, Fremantle; Mr. J. Uglow, Albany.

HOLLOWAY'S PILLS.

Astonishing Cure of General Debility and Liver Complaint!!!

Copy of a Letter from Mr. William Reeves, of Perth, W.A., dated 17th November, 1854.

TO PROFESSOR HOLLOWAY,

SIR,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor; my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks, I was cured, after every other means failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir your humble Servant,

WILLIAM REEVES,

These Pills are wonderfully efficacious in the following Complaints:—

Ague	Female Irregularities	King's Evil
Asthma	Fevers of all kinds	Sore-throats
Bilious Complaints	Fits	Stone and Gravel
Blotches on the skin	Gout	Secondary Symptoms
Bowel Complaints	Headache	Tic-Doloreux
Colics	Inflammation	Tumours
Constipation of the Bowels	Jaundice	Ulcers
Consumption	Liver complaints	Veneral affections
Debility	Lumbago	Worms of all kinds
Dropsy	Piles	Weakness, from whatever cause, &c., &c., &c.
Dysentery	Rheumatism	
Erysipelas	Retention of urine	
	Scrofula, or	

☞ There is a considerable saving by taking the larger size boxes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each box.

Sold by Mr. G. Shenton, Perth; Mr. Monger, York; Mr. Wellard, Fremantle; and Mr. J. Uglow, Albany.
