SYMPHONY.

It's Good to be a Briton Nowadays.

When it comes to solemn thinking of the nations of the earth,
When it comes to candid reckoning their individual worth,
When it comes to real comparing and standing side by side,
When it comes to noting all the points of nations far and wide,
With pride our hearts within us swell, for as Jelicoe says :—

CHORUS.

It is good to be a Briton nowadays, nowadays;
In times of peace or times of battle blaze;
No matter what our lot, in our heart we feel always,
It is good to be a Briton nowadays, nowadays!

When it comes to deeds of daring on either land or sea,
When it comes to facing furious fire with dog'd tenacity,
When it comes to self denial for a comrade or a foe,
When it comes to be compassionate to ease a brother's throe,
We claim our kinsmen foremost in these good and noble traits,

It is good to be a Briton nowadays, nowadays.

When it comes to staunch maintainance of our nation's dignity,
When it comes to linking heart to heart in love and unity,
When it comes to fervent praying for God to save our King,
When it comes to really meaning the loyal songs we sing,
We're impell'd to join chorus and sing with hearts of praise :—

It is good to be a Briton nowadays, nowadays.

When it comes that those who die for their King and Country's right,
When it comes they reach the portals of that City fair and bright,
When it comes that they're assembled around the pearly gate,
When it comes that they are waiting to hear pronounced their fate,
They'll hear the cherubs singing in sweet angelic lays,

It is good to be a Briton nowadays, nowadays.
