WHENEVER BRITAIN CALLS

Verse 1.

We settled in Australia,
 And made this place our home,
 We're British to the backbone
 Tho' we live across the foam.
 If Britain is in danger's way
 We're there at beck or call
 To face the fight and win the day,
 She can have us one and all.

Verse 2.

When Britain called for soldiers,
 She did not call in vain,
 The English, Scotch and Irish
 Not forgetting little Wales.
 The brave Australians they were there
 To do their part or fall
 In Britain's wars they all declare
 She can have us one and all.

Chorus:

Whenever Britain calls my boys,
 Whenever Britain calls.
 She can rely on her colonies,
 Whenever she may call.
 They've proved before and they will again,
 Their answer will be the same,
 Ready to fight, with all their might,
 Whenever Britain calls.

Verse 3.

The waves are ruled by Britannia,
 Britannia the great and true;
 Our lads are always ready
 To fight for red, white and blue,
 On land or sea the Briton's found
 Ready at duty's call.
 Steadfast we stand the whole world round
 She can have us one and all.

Verse 4.

If it comes to us to fight,
 To Britain we'll repeat
 That whene'er she needs our help
 We do not accept defeat.
 Again we'll do our level best
 The foes again defy,
 And as before we'll win the test
 Or know the reason why.
