Dear Rob & Prada,

Many Many thanks for your lovely xmas card it brought back very fond memories of the coffee pot. Thank you.

I hope your xmas was a happy one.

We had a little snow three days before xmas but it melted so I didn't get my white xmas. I went to Bath for the two days I have a friend who owns a 200 year old weavers cottage on top of a hill, she had her family there and we all had a very good time. It was nice to be ~~in~~ away from London for two days. I will spend New year here at the hotel we are having a small party.

I will be staying here for 10 Months
and then I will tour Europe for 1 Month
and then onto the USA for two weeks
and I should be home about the 21st of December
just in time for Xmas

I haven't been doing very much as
I'm now on a strict budget but I will
still go to the theatre every so often

I hope your New year is a great success
and that it continues through the whole
year and all the rest to come

I'm sorry this letter is not very long
but I have so many thank you letters to
write that my hand is falling off

Keep well I will write again soon

Love
Brian x
