October 9, 1980

Next Meeting Date: SUNDAY, OCTOBER 26, 1980 at the home of NEIL & LE LANI È
LOPEZ, [REDACTED] Ph: [REDACTED]
TIME: 2:00 p.m.

Club News:

Bill Bennie is tackling the mammoth mountain of red tape and paperwork in order to get the club "Incorporated".

When "Incorporation" has been granted - the next step will be to approach the R.T.A. to apply for Concessional Licences for club members who require it for their vehicles.

At the time of typing this, thirteen members have paid their annual dues. A remittance slip is enclosed for those of you who have not yet paid but wish to do so.

We realise it is too far for country members to travel to attend meetings (altho we hope that some can make it one of these times) but what about you city members - we notice a few have not been attending. The meetings are very interesting (with a minimum of formality) and the members' restorations, bits and pieces etc. are of great interest and are what this club is all about - Model As.

Early information - the November meeting is to be a barbecue lunch at the home of Max Annear... November 30th - more information next letter.
