

MODEL A RESTORERS CLUB (WESTERN AUSTRALIA BRANCH)

Pres: Bill Bennie - Phone [REDACTED]

Sec : Mike Cooke - Phone [REDACTED]  
[REDACTED] Kingsley 6026

June 5, 1981.

Next Meeting: DATE: SUNDAY, JUNE 28, 1981

TIME: 2:00 P.M.

PLACE: RITA & TONY PARIN's  
[REDACTED] WANNEROO

Ph: [REDACTED]

Now that the winter months are here we will no longer be having the BYO lunches for the meetings but we hope all members will still attend for a pleasant afternoon get together with fellow enthusiasts.

As Rita & Tony live in lovely bushland we thought we had better put in a little sketch for the 'city folk' in case they thought they had gone astray. (Refer back page).

Last Meeting: Saturday, May 2, 1981 at John Forrest National Park.

This was the Club's first picnic run and was thoroughly enjoyed by all who attended.

Alex & Linda Kirkwood set out a nice drive from McCallum Park via Gt. Eastern Hwy to Guildford then into the back blocks of Middle Swan, around about to Greenmout and into the park itself. Being a Saturday the park was not crowded and the peace and quiet was very pleasant.

The day was great, the BBQ's delicious and the company enjoyable.

Those who managed to attend were the Kirkwoods, Mahonys, Spencers, Davies, Cookes, Bill Bennie and Max & Alan Annear. We were pleased to welcome Frank Cocks and family along as visitors in their A Model.

Just a brief informal meeting was held as there was nothing of significance to report on.

Club News: The required advertisements regarding Incorporation for the club have been placed in the newspapers and we now have to wait the required period before placing the second set.

News of MARC WA is spreading - have had enquiries from John Teale of Busselton re membership of the club. It is good to know that news is reaching the country areas.

Here & There: Nene, Eric, Nicole & Jennifer Richards are now home after their trip to the 1981 VCCA National Rally at Canberra during May. Eric drove his newly restored 1928 Tudor complete with adapted 53 year old horse buggy trailer across the Nullabor to Canberra and back with the only problems being a fan belt going before Northam and the original coil going out on the Nullabor. We have to congratulate Eric on his excellent restoration of both the Tudor and trailer and even more so, congratulate him on the Tudor taking off second prize in the Vintage Section Concourse at the Meet after having been driven from Perth. Well done Eric.

Member, Kelvin Pepper made another "can't stop" visit to Perth at the end of May and reported that the Pepper household are all well and surviving up there in Kalgoorlie. Reports that the A truck is not doing so well as no time for restoration - just time for searching

Think we will have to put the Truck restoration into the Guinness' Book of Records one of these centuries... if it ever does get finished !!
